From York: I-83 north; Route 322 east; follow Route 422 east into Annville.

Why should you attend the 2014 Lebanon Valley Cardiovascular Symposium?

Last year's participants said the symposium exceeded expectations with excellent speakers and a clinically relevant program.

**QUALITY** - 93% of 2013 symposium attendees gave the program the highest rating **Excellent**.

**EDUCATION** - 96% of 2013 symposium participants met program educational objectives.

**PATIENT CARE** - 96% of attendees said the information presented at the 2013 symposium would somewhat or very much impact their patient care.

*The 2014 symposium promises to provide an even greater impact with extended presentations by visiting and local faculty.*

*A full schedule of topics and presenting faculty is included inside. **Plan now to attend this educational event on Saturday, May 31, 2014***

## Schedule at a Glance

Saturday, May 31, 2014

- 7:30 - 7:55 a.m. Registration and Continental Breakfast
- 7:55 - 8:00 a.m. Welcome Remarks
- 8:00 - 8:30 a.m. Role of Resynchronization Therapy for Normal and Abnormal Ejection Fractions, Dr. Williams
- 8:30 - 9:10 a.m. Outpatient Management of Congestive Heart Failure, Dr. Small
- 9:10 - 9:50 a.m. What is the Ideal Heart Healthy Diet? Dr. Griffin
- 9:50 - 10:05 a.m. Ask-the-Experts Refreshment Break
- 10:05 - 10:45 a.m. Polycystic Ovarian Syndrome and Risks of Cardiovascular Disease in Women, Dr. Dokras
- 10:45 - 11:15 a.m. Hybrid CT Surgical Procedures, Dr. Shears
- 11:15 - 11:45 a.m. Novel Oral Anticoagulants for Atrial Fibrillation, Dr. Stevenson
- 11:45 - 12:25 p.m. Which is Better? Radial Artery versus Femoral Artery Cardiac Catheterization, Drs. Fugate and Tadajweski
- 12:25 - 1:15 p.m. Luncheon, MRI Scans in Patients with Implantable Devices, Dr. Halperin

## Educational Outcomes

Upon completion of this program, attendees should be able to:

- Recognize common indications for and role of resynchronization therapy
- Describe the current, state-of-the-art in outpatient congestive heart failure management
- Identify variations in dieting that may affect heart disease
- Identify the role, indications, and risks of novel oral anticoagulants for atrial fibrillation
- Recognize appropriate patients and identify the techniques used for hybrid cardiothoracic surgery
- Recognize and identify the risks of magnetic resonance imaging in patients with implantable electronic devices
- Describe the risks of cardiovascular disease in patients with polycystic ovarian syndrome
- Recognize and describe the pros and cons of radial versus femoral artery catheterization in patients with cardiovascular disease

**Pennsylvania**  
CHAPTER

The Lebanon Valley Cardiovascular Symposium appreciates the support of the PA Chapter of the ACC for their partnership in this activity.

## Faculty

**Anuja Dokras, MD, PhD**  
Associate Professor, Penn Fertility Care, University of Pennsylvania Medical Center, Philadelphia, PA.

**Henry R. Halperin, MD, MA, FAHA, FHRS**  
American Heart Association 2010 Distinguished Scientist, David J. Carver Professor of Medicine and Professor of Radiology and Biomedical Engineering at the Johns Hopkins University School of Medicine, Baltimore, MD.

**Roy S. Small, MD, FACC, FSCAI**  
Medical Director of the Heart Failure Services, Lancaster General Hospital, Lancaster, PA.

**Larry L. Shears, MD**  
Director of Cardiothoracic Surgery, WellSpan Health, York, PA.

**Jeffrey L. Williams, MD, MS, FACC, FHRS**  
Director, 2014 Lebanon Valley Cardiovascular Symposium  
Director, Invasive Cardiac Electrophysiology, Good Samaritan Hospital.

**Edward J. Tadajweski, MD, FACC**  
Director, Cardiac Rehabilitation  
Interventional Cardiology, Good Samaritan Hospital.

**Tyler Fugate, DO, FACC**  
Interventional Cardiology, Good Samaritan Hospital.

**David Griffin, MD, FACC**  
Director, Interventional Cardiology, Good Samaritan Hospital.

**Robert Stevenson, MD, FACC**  
Co-Director, Invasive Cardiac Electrophysiology, Good Samaritan Hospital.

## Target Audience:

Primary Care Physicians, Cardiologists, Internists, Mid-Level Providers, and Nurses.

## Date and Location:

Saturday, May 31, 2014 at Lebanon Valley College

## Course Overview:

This course is designed to narrow the knowledge gap that currently exists in commonly encountered yet, oft-not discussed, clinical conditions. The symposium's goal is to contribute to the lifelong learning necessary for our regional healthcare system (Good Samaritan) to provide patients an evidence-based, interdisciplinary, patient centered care paradigm.

## Accreditation Statement:

Good Samaritan Health System is accredited by the Pennsylvania Medical Society to sponsor continuing medical education for physicians.

## Designation Statement:

Good Samaritan Health System designates this Live activity for a maximum of 5.25 AMA PRA Category 1 Credit(s)<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the educational activity.

## Free Registration (space is limited):

Includes course registration, course syllabus, continental breakfast, refreshment break, and luncheon.

## Conflict of Interest:

Faculty participating in continuing medical education activities sponsored by Good Samaritan Health System is expected to disclose to the audience whether they do or do not have any real or apparent conflict(s) of interest or other relationships related to the content of their presentation.

## Registration
